***“They Are Worthy”*: Increasing Empathy and Reducing Stigma Toward Individuals with Substance Use Disorders**

A Live, Interactive Webinar

December 5, 2023
12:00pm – 1:00pm Hawai’i

Substance misuse and overdose deaths are increasing in Hawai’i. To better identify substance misuse early, prevent worsening, and provide interventions and treatment, **Med-QUEST**, along with our partner Health Management Associates, is providing an **online interactive session on Screening, Brief Intervention, and Referral to Treatment (SBIRT)**. SBIRT is an evidence-based practice that is reimbursable.

Stigma and shame are major barriers to individuals being screened and receiving treatment for substance use disorder (SUD). In this interactive webinar, we will discuss the layers of stigma that an individual may experience and how we can mitigate them. We will discuss the role that childhood trauma plays in increasing risk for SUD and ways to build empathy.

Target audience: Social workers, Nurses, Physicians, Medical Assistants, counselors, SUD clinicians
Content level: Beginner

About the instructors

Dr. Elizabeth Wolff is a board-certified family physician. She has held progressive leadership positions in public health, health systems, and community health centers. Since joining HMA in 2018, much of her work focusing on supporting states and organizations across the country to implement SBIRT and Medications for Opioid Use Disorder.

Shelly Virva is a licensed clinical social worker with more than 20 years of experience. Her work has focused on helping individuals who suffer from addiction, co-occurring mental health disorders, and early life trauma. Since joining HMA in 2020, much of her work has focused on cross sector implementation and expansion of MAT and evidenced based treatment for individuals experiencing substance use disorders.

Learning objectives

After attending this course, participants will be able to...

- Describe specific individual-level techniques for increasing client and provider empathy and decreasing stigma toward people with SUD
- Identify structural stigma and approaches to correct it
- List examples of non-stigmatizing language around SUD

HEALTH MANAGEMENT ASSOCIATES
